ENGAGING IN THE NEWLY ADOPTED SUSTAINABLE DEVELOPMENT GOALS (SDGS)

At the adoption of the post-2015 Sustainable Development Goals at the UN General Assembly in New York on 26 September, UN Secretary-General Ban Ki-moon highlighted the fundamental role of the private sector in advancing the goals, adding: "Now is the time to mobilise the global business community as never before."

Responding to this call, the IOE provides a platform for sharing information amongst members and partner companies on how the private sector around the world is engaging and making a difference.
