EMPLOYERS’ INPUTS TO THE REPORT ON REVIEW OF THE ILO SUPERVISORY SYSTEM

Following Chris Syder’s presentation at the Employers’ Group meeting of this morning, we are pleased to provide again our communication on the Employers’ input to the Reports on the Review of the ILO Supervisory System. (Please refer to the links in the side panel.)

You will recall that, in the context of the ILO "Standards Initiative", the November 2014 Session of the ILO Governing Body requested the Chairperson of the Committee of Experts on the Application of Conventions and Recommendations (CEACR), Judge Abdul Koroma (Sierra Leone), and the Chairperson of the Committee on Freedom of Association (CFA), Professor Paul van der Heijden (Netherlands), to jointly prepare a report on the interrelationship, functioning and possible improvement of the various supervisory procedures related to articles 22, 23, 24 and 26 of the ILO Constitution and the Committee on Freedom of Association.

We wanted to let you know that the IOE, in consultation with CFA members and CAS spokesperson, submitted input to the project plan of the report highlighting concerns in the functioning of the different supervisory mechanisms and possible ways of improvement.

Both the project plan of the report and the IOE’s comprehensive input may be accessed via the links in the side panel.

An Employer Working Group will be created to examine and provide input to the first draft of the Report, which will be available between October and December. The aim is for the report to be finalised for discussion at the March 2016 Session of the Governing Body.

Please do not hesitate to contact Ms Maria Paz Anzorreguy if you have any questions, comments or concerns. We will continue to keep you apprised of further developments.

Kind regards,

Roberto Suárez Santos
IOE Deputy Secretary-General
