Dear Members and Partners,

The ILO has provided compilations of the Committee of Experts on the Application of Conventions and Recommendations (CEACR)'s observations regarding the application of ratified ILO Conventions in different countries in your region. We trust these compilations will assist you in better understanding, among others, the issues raised.

The links in the side panel contain compilations of the observations made in 2016 and published in the 2017 Report by region: Africa, Asia, Caribbean, Europe, Latin America (in Spanish only) and North America.

Please do not hesitate to contact us should you require additional information.

Best regards,

Maria Paz Anzorreguy
Senior Adviser
