

## OCCUPATIONAL SAFETY & HEALTH

28.04.2014

### UPDATE ON ISO PROJECT FOR OSH MANAGEMENT SYSTEM STANDARD

Dear Members and Colleagues,

As previously advised, the second meeting of the ISO/PC 283 Committee overseeing the project for an ISO **Occupational Safety & Health Management Systems Requirements Standard** took place in Casablanca from 31 March-4 April 2014.

You can download the communiqué and resolutions of the meeting by clicking on the links in the side panel. (Available from ISO in English only as the documents are frequently updated.)

National ISO representatives remain the only bodies to hold voting rights in the ISO standard development process and it is in engagement with them that IOE represents business interests in this discussion. Agreement on the final draft of this ISO standard will therefore take place by national member vote.

I will keep IOE members informed of the discussions and will continue to share the latest drafts of ISO 45001.

Best regards  
Janet

Dr Janet L. ASHERSON  
Adviser Environment, Health and Safety
