

Country	Government measures for enterprises	Employers' organization response/action/initiatives
Albania		
	<ul style="list-style-type: none"> - The government plan is to address the financing needs to those directly affected by their monthly economy. The plan is based on points. 1. ALL 2.5 billion, or \$ 25 million for the fight against covid-19, made available to the Ministry of Health for medical equipment and materials or support for medical staff. 2. 10 billion, or \$ 100 million, through the instrument of a sovereign guarantee for companies that have objective difficulty in paying their employees' salaries 3. 6.5 billion, or \$ 65 million for most immediate needs 4. 2 billion, or \$ 20 million, made available to the Ministry of Defence for Humanitarian Operation. 5. 1 billion, or 10 million dollars, as a reserve fund to the Council of Ministers for any unforeseen emergency 6. We will permanently erase interest rates for active debtors who consume energy today, family or small business, with a financial effect of up to ALL 15 billion, or \$ 150 million. This measure will benefit 211 thousand and 24 subscribers. 7. We will reschedule in the second half of 2020 and thereafter, the profit tax for the whole business up to the amount of ALL 2 to 14 million, or from 20 to 140 thousand dollars of turnover. <p>Postponement of handing over of</p>	<p>The head of BusinessAlbania Mr. Luan Bregasi has held difference teleconference, he has also made emergency proposals to government for protecting businesses in these situation.</p> <p>He supports the BOA's measure for loans but he thinks there should be more. He proposed to issue ALL. BOA's decisions should be stronger. Proposals should be such as to have an impact on the economy. The BoA as a market regulator, as a manager of public and private finance, has to think more deeply about what measures to take.</p> <p>According to him, there are some indicators that have worsened the state of the economy and should make BoA think of a package of strong proposals and issue banknotes.</p> <p>Mr. Luan Bregasi proposes extending loans at least 1 year.</p>

	<p>balances for a period up to June 1 of this year for businesses submitting balances to NRSs online or directly.</p> <ol style="list-style-type: none">8. The government will donate double the salary to all small business employees.9. Families in needs will also receive the double of what they receive in normal time.10. Unemployment payments will also be paid twice.11. Providing financial assistance to employees in business entities with annual income up to ALL 14,000,000 (fourteen million) for the period after the economic activity or labour relations have been stopped because of COVID-19.12. All businesses that have stopped the activity because of COVID-19 will not pay the rent.
