ILO Global Business and Disability Network - Invitation to 2nd Meeting: 28 October 2015, Geneva

The ILO’s Global Business and Disability Network was created in 2010 by ACT/EMP and the ILO Disability Team. It is a network of multinational companies, national employers’ organisations, business networks and disabled people’s organisations. The Network conducts international, regional and national level meetings and initiatives to promote disability inclusion in business and to disseminate best practices.

At this 2nd High-Level Meeting, which the IOE will attend, the Network will launch its Business Charter on Disability, which will be signed by the members of the ILO Global Business and Disability Network. ILO Director-General Guy Ryder will sign it on behalf of the Office. This is the first global Charter on disability inclusion in the workplace to be initiated by companies.

Please access the Agenda, and contact Ms Thannaletchimy Thanagopal if you are interested in attending, via the links in the side panel.
