Dear Members and Colleagues,

Mthunzi Mdwaba, IOE Vice-President to the ILO highlighted five key areas for policy action to be effective in the future of work. His remarks were made in New York during the second Committee Event on "The Future of Work: Making Decent Work a Reality", which took place as a part of the UN General Assembly.

As crucial members of the Future of Work community, we encourage you to make use of these remarks and to also share your views as soon as possible and on an ongoing basis on the points raised by Mthunzi.

Please also find a link to the IOE Brief on the Future of Work in the side panel, as a basis for business inputs on several areas connected to the Future of Work.

Yours sincerely,

Roberto Suárez Santos
IOE Deputy Secretary-General
