

ALL IN

Draft date: 22 April 2019

All In Roundtable **Inclusive Multilateralism, SDGs and Business**

8 May 2019 from 13:00 – 17:45, followed by a reception

At the President Wilson Hotel, Geneva

Dear Colleague:

We are delighted to invite you to join a unique invitation-only roundtable on 8 May at the President Wilson Hotel in Geneva to launch an international conversation on inclusive multilateralism, the Sustainable Development Goals and business.

Faced with the urgent need to make faster and smarter progress towards achieving the ambitions of a range of international agreements including the Addis Ababa Action Agenda, the 2030 Agenda for Sustainable Development and the UN Framework on Climate Change, inclusive multilateralism is essential.

This roundtable is organized by the All In Campaign of USCIB. The Campaign brings policymakers and global businesses together in key UN cities to begin a conversation on opportunities for harnessing the power of all industry sectors to achieve the SDG goals and other 2015 outcomes. USCIB is proud to partner with the International Organisation of Employers and the International Chamber of Commerce to convene the first part of this discussion, beginning with 2 key themes:

- Designing and Implementing Public Private Partnerships with the UN for Impact
- Leveraging public private sector cooperation on technical and scientific knowledge for targeted SDG implementation

Your contributions to this international dialogue will be included in a summary report without attribution. This report and, more importantly, the results of our discussions from all the roundtable meetings planned this year will lead to a clear priorities and options to better integrate business know-how and resources towards international development, and to pursue tools, metrics and institutional infrastructure for inclusive multilateralism.

We are at a crucial time where the international community is looking for new ways to work together with business and scale up joint action. We must contribute to this dialogue with innovation, practicality and partnership. Please join us on 8 May to begin defining the way forward.

Best regards,

Peter M. Robinson, President & CEO, USCIB

Roberto Suarez-Santos, Secretary General, IOE
